Dear Jim:

STAT In accordance with your suggestion, I am enclosing a resume, as well as a Form 171 with some supporting material. If you have any questions, please give me a call at the Academy or at home [redacted] STAT as I will be working at both locations in the coming weeks.

For the past five years, and informally for three years before that, I have had both research, research direction, and general management responsibility. My experience covers a variety of in-depth experience with technical programs from biomedical to space and weapons systems. But my strength probably rests in "trouble-shooting" for digging out and addressing problems in complex organizations where obtaining trust and developing working relationships with a variety of people are critical.

I would welcome the opportunity to talk with you about possible opportunities. Please give my regards to Harry.

Best Wishes.

Sincerely,

Richard L. Chapman
